Mini Fiber Optics Distribution Box

Overview

This mini style distribution box terminates one fiber optic cable with up to 4 cores, bringing significant improvements resulting in better customer experience when FTTH have to be deployed.

Features

- ABS material used ensures the body strong and light
- Easy installations: Mount on wall or just put on the ground
- Splicing tray can be removed when needed or during the installation for the convenient operation and installation
- Adapter slots adopted – No screws needed for installing adapters
- Double-layer design for easier installation and maintenances
- Upper layer for splicing
- Lower layer for distribution
- Cable fixing units provided for fixing the outdoor optical cable
- Accommodates both cable glands as well as tie-wraps
- Fully stable patch panel, no risk of movement
- Protected patch panel offers secure environment for adapters, patch cords and pigtails
